FLOODPLAIN

INFORMATION, REVIEW AND SIGN OFF

- This property contains floodplain
- This property does not contain floodplain

PROPERTY THAT CONTAINS FLOODPLAIN

If your property contains floodplain, be aware that you may not construct a structure of any kind within the floodplain without first applying for a floodplain permit. This includes ISD systems. Elbert County Zoning Regulations Part II, Sec 25, sec C, 5, c states that applicants will be required to:

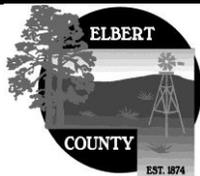

Locate all new on-site sewage systems (including leach fields) in areas above the base flood elevation; (except the replacement of a failing system where no alternate location outside the floodplain is available.)

Please take this restriction into account when locating a structure on property that contains floodplain.
