

- County Precinct Numbering**

In compliance with C.R.S. 1-5-101.5, a ten digit numbering system has been implemented to identify all election precincts throughout the state. For each precinct, the first digit represents the congressional district; the second and third digits represent the state senatorial district; the fourth and fifth digits designate your state representative district; the sixth and seventh digits designate the county identifier assigned by the Secretary of State; and the last three digits designated your precinct number. So, precinct 1 would look like, 6400120001.

| Precinct Numbering | | | | |
|------------------------|-----------|-----------|--------|------------|
| For example 6400120001 | | | | |
| 6 | 40 | 01 | 20 | 001 |
| Cong Dist | Sen. Dist | Rep. Dist | SOS ID | Precinct # |
