PART I, SECTION 9 - REFFERAL PROCESS FOR LAND USE APPLICATIONS

(Note: this document is a “clean” version and is identical to the “redlined” version that you also received. In this document all of the Planning Commission’s Recommendations have been accepted.)

A. Intent

1. This section describes the referral notice procedure for land use applications and supersedes all language pertaining to these in previously adopted Elbert County Zoning Regulations and Elbert County Subdivision Regulations. At the time of land use application submittal, the Community and Development Services Department (CDS) will provide these requirements to the applicant. This section does not supersede applicable State or Federal requirements.

B. Applicability

1. Development proposals requiring referral notice include but are not limited to the following categories of land use applications:
   - Site Development Plans
   - Special Use by Review
   - Preliminary Plats
   - Final Plats
   - Minor Residential Developments
   - Minor Business/Commercial/Light Industrial Developments
   - Amendments & Adjustments to Approved Plats
   - Rezonings
   - Non-Administrative Variances and Vacations of Public Right-of-Way
   - At the time of Pre-Application the Director of CDS may determine that other processes require a referral notice.

2. Referral periods shall be fourteen (14) days.

C. Procedure

1. For proposed development applications requiring a referral notice, CDS shall require a referral notice be sent to the required and discretionary referral agencies via first class U.S. mail or by electronic delivery via email.
   a. Required referral agencies are identified in each land use application’s process requirements.
   b. Other agencies may be sent referral notice at the discretion of CDS at the time of referral.

2. The referral notice shall include a request for comment, a comment form, and a copy of the relevant application materials for each review agency.

3. The CDS Director shall use best efforts to distribute referral notices. Failure of a referral agency to receive a referral notice shall not constitute inadequate notice, and shall not delay scheduling or conducting public hearings or administrative decisions.

4. A referral agency may comment on development proposals within the referral period. Upon written request, a referral agency may request a referral period extension.
5. A referral agency's failure to respond during the referral period implies that the agency has no objections to the proposal. The CDS Director will consider all non-responses as non-objections.

6. Referral agency comments will be summarized and provided to applicants by CDS after the end of each referral period and provided to the deciding body for their consideration in the disposition of the application.
