Advocates for Children CASA

16965 Pine Lane #120 Parker, CO 80134

Website: adv4children.org Facebook: <https://www.facebook.com/adv4children>

Mission

Speaking up for abused and neglected children through Court Appointed Special Advocates, CASA volunteers.

Vision

All Children dream, thrive and grow with a sense of belonging and empowerment to build a successful future.

Services Provided

- **Dependency and Neglect , Truancy, and Juvenile Delinquency Court Appointed Special Advocate (CASA) volunteers** - CASAs provide the Court and other responsible persons with independent and objective information regarding the safety, permanency and well being of the child(ren). CASAs learn of the opportunities for advocacy by spending time with and getting to know their child(ren). Truancy CASAs help to understand such barriers in order to help children achieve academic success. Juvenile Delinquency CASAs focus on the youth's strengths and set actionable goals as they provide ongoing support and advocacy to help reduce recidivism.
- **Tutoring** - Tutors provide an additional resource to aid in the work being done in our other programs by supporting students in accomplishing their academic goals. Tutors assist with homework, learning concepts, and reading through virtual and/or in person contact.
- **Legacy Project** - Legacy Project Mentors work with a young person between the age of 13 and 23 to assist with acquiring life skills, goal setting, and resource navigation within the community. Many of the participants have been involved in the foster care system, the truancy system or the juvenile justice system.
- **Foundations Program** - Housing support and financial literacy for current and former foster youth 18-25 (currently only being offered for individuals who were involved with Arapahoe County DHS).
- Additionally, we have access to many ongoing and one-time donations that come through our office. Some things we have helped with previously include providing laptops for families, baby food, clothes, shoes, bedding, and other housewares, access to resources

through SECOR Cares food bank. Please don't hesitate to reach out for any sort of need and we will try our best to fill the request through one of our many community partners and/or donors.

Eligibility Criteria

- For our court appointed cases (Dependency & Neglect, Truancy, and Juvenile Delinquency) the families must have an open court case in the respective area. There are no other criteria and each case is assessed internally as to how we can best meet the needs of the children based on our available volunteers.
- For our non-court appointed cases
 - Tutoring
 - We are not equipped to address significant learning disabilities or delays
 - Willingness to participate - this is a voluntary program

Colorado Low-Income Energy Assistance Program (LEAP)

<https://cdhs.colorado.gov/leap>

Mission

Our goal is to help bring warmth, comfort and safety to your home and family by assisting with heating costs.

Services Provided

- A federally funded program that helps eligible Colorado families, seniors and individuals pay a portion of their winter home heating costs
- Providing assistance with heating costs, equipment repair and/or replacement of inoperable heating tools

Eligibility Criteria

If your income is up to 60% of the state median income level, you may qualify for heating assistance through LEAP. The state median income level used for the 2021-22 LEAP season was released by the U.S. Department of Health and Human Services in July 2021. The amount of the energy assistance benefit varies depending on a variety of factors, including the primary heating fuel costs and income.

Connections for Families

P.O. Box 1972
Elizabeth, CO 80107
<https://www.connections4families.org>

Mission

The mission of Connections for Families is to provide youth and their families with access to high-quality services and resources that increase their capacity to sustain a healthy environment and positive outcomes for their children.

Vision: We believe that every family and every child is unique--this is why at Connections for Families we utilize a strengths-based approach to empower families to address their individual needs. We aim to provide a collaborative approach for appropriate services in areas including but not limited to: mental health, behavioral health, public assistance, substance use, and legal challenges. Our goal is to promote the stability and sustainability of families in our community, and advocate for healthy development for our youth.

Services Provided

INDIVIDUALIZED SERVICE SUPPORT TEAM

Individualized Service Support meetings are utilized to connect families with appropriate resources, and address needs/concerns for youth and their family. These meetings involve discussion with Connections for Families staff, along with representatives from other local agencies to offer support and resources to meet these needs.

ALLIANCE AFTERSCHOOL

Connections for Families offers afterschool programming for middle school aged students on Wednesdays at Elizabeth Middle School throughout the school year. This group is intended to increase academic engagement, social-emotional skills, and social connectedness within the youth's schools. Lesson and conversations are based of the curriculum: *Messy in Between* by SoulGrowers and *Sources of Strength* which is a comprehensive wellness program that focuses on suicide prevention and is led by youth.

RURAL INTERVENTION SPECIALIZED CASE MANAGEMENT (RISC)

Our RISC Case Manager works with youth and their families on several levels. The RISC program offers comprehensive assessments to evaluate areas of strength, need, and risk for a child/youth. The RISC case manager also provides referrals to appropriate services, attends Individualized Service Support Team (ISST) meetings, Distract Attendance Review Board (DARB) meetings and serves as a Pre-Trial Case Manager for the Colorado Youth Detention Continuum (CYDC) In Elbert and Lincoln Counties. In addition, the RISC case manager can provide one-on-one coaching utilizing the curriculum *Messy in Between* by SoulGrowers.

PREVENTION PROGRAMS

In collaboration with other local agencies, Connections for Families offers several prevention programs focused on the areas of social-emotional learning, tobacco use, substance use, and life skills.

The RESTORE Program which is supported through the 18th Judicial District, is a facilitated group that offers a 9-week class course on making good decisions. The group utilizes the Conflict Resolution for Recovery and Relapse Prevention curriculum. It is a NAADAC and NIDA approved curriculum, and covers peer and family relationships, substance use, mental health, wellness, and education. Through these discussions, the youth work through a workbook that helps guide them through these discussions and making good decisions. A referral from the Court is required to participate in the RESTORE Program.

Second Chance Tobacco- Connections for Families is an administrator of Second Chance Tobacco which is a web-based tobacco education program for middle school and high school aged youth who have violated the tobacco policy at their school, or have been ticketed by law enforcement. This program is interactive and self-directed, and is intended to be used as an alternative to suspension. The program may also be helpful for teens that are experimenting with tobacco, but have not necessarily violated a school's policy. Referrals for this program may come from school administrators, RISC Case Manager, law enforcement officers, and municipal court.

Botvin Life Skills Program- Connections for Families serves as an oversight for the Botvin Life Skills Program, which is facilitated by a Centennial Mental Health Prevention Specialist. It is an eight week program serving 3rd to 12th graders. The program is taught in a classroom setting, and empowers youth to be the managers of their own outcomes. Content discussed includes substance use, peer pressure, misconduct, and emotion regulation.

Spot Vision Screening- Connections for Families serves an oversight for Spot Vising Screening in the Elizabeth School District and in collaboration with funding from Colorado Access and Connection for Families, this program allows for routine vision screens to all children that are

undergoing assessment for early interventions, children who attend preschool, and children with special needs.
