**County Percentages**

The chart below reflects the total amounts owed by DOC to each of the Four Counties. The amounts owed to each of the Four Counties is calculated upon the population percentage of each County in relationship to the total population of the 18th Judicial District within a Calendar Year. Because portions of two Calendar Years are contained within DOC's Fiscal Year, each of the two years is assigned different County percentages. The percentage owed to each County is calculated separately for each of the portions of the two years within DOC's Fiscal Year, and then added together to give the total amount to be billed (invoiced) to DOC by each of the Four Counties for the Billing Cycle.
