PUBLIC COMMENT:

EDUCATION:

Rhett Everett from the USGS will make a presentation to our audience on the Groundwater-level monitoring program now in progress in Elbert County. This is one of two programs developed from the CWCB grant monies Elbert County received over a year ago. The presentation will include:

1. A description of the monitoring program
2. Objectives of the program and funding sources
3. Overview of the Denver Basin
4. Water use within the Denver Basin & Elbert County
5. Selection of wells being monitored
6. Results after one year of data collection
7. Audience-Questions & Answers.

All residents of Elbert County are welcome to attend. Spread the word.

We will have a special guest in attendance from Senator Cory Gardner's office, Andrew Dunkley-Regional Director. He expressed a great desire to learn more about our groundwater-level monitoring program.
