RE: ELBERT FIRE COUNTY INITIATED REZONING – RZ-18-0063 & RZ-18-0065  
County initiated rezoning for two fire department facilities on a 2.3 acre property at 23990 County Road 69, and a 3 acre property at 700 County Road 98.  

APPLICANT: Elbert County Board of County Commissioners  
REPRESENTATIVE: Elbert County CDS  

SUMMARY OF REQUEST  
The applicant, Elbert County Board of County Commissioners, has submitted an application requesting a rezone from the “XX” zoning map designation to “R-1” (Residential One) on the 2.3 acre property, and to “RA-2” (Residential Agriculture-Two) on the 3 acre property. The Elbert Fire Protection District owns the property located at 23990 County Road 69, Elbert, CO, 80106, as well as the property addressed at 700 County Road 98, Elbert, CO, 80106. These properties are located in Section 4, Township 10 South, Range 62 West and Section 3, Township 10 South, Range 65 West, respectively.  

The Board of County Commissioners directed CDS to process a County initiated rezoning of this property, per the terms of Part I, Section 6, C of the Elbert County Zoning Regulations.  

The parcel in its current configuration was created outside the subdivision process, resulting in an illegal subdivision, and thus the “XX” zoning designation in the Assessor records. On September 12, 2018, the Board of County Commissioners passed Resolution 18-31 directing CDS to rezone these properties in order for the Elbert Fire Protection District to eventually construct a facility on each.  

BACKGROUND ON “XX” ZONING  
The subject property has long been designated “XX” in the zoning records of the County Assessor. The XX zoning designation is not a true zone district in the traditional sense. There is no XX zone district defined or described in the Zoning Regulations. The XX designation was historically placed on the Assessor records for parcels that were created outside the formal subdivision process and against state and county regulations, what is commonly known as an “illegal subdivision” of land. The XX designation was placed on many properties throughout the
County to indicate that the parcel was created illegally, and likely did not meet the dimensional standards of the original zone district.

County and state regulations dictate that the zoning of a property can only be changed by a resolution of the local governing body, in this case the Board of County Commissioners. Any change of the zoning designation on the Assessor records was purely for record keeping, but over time the XX designation grew to be accepted as a zone category of its own on the adopted Zoning Maps of 2006 and 2010, and this property is shown on the official zoning maps of the county as such.

EVALUATION:
The Planning Commission and Board of County Commissioners shall evaluate the application and consider the following criteria prior to making a motion to approve or deny the request.

Zoning Regulations, Part I, Section 6.C outline the County initiated rezoning procedure. There are no specific criteria for reviewing a County initiated rezoning. The size of the property and surrounding residential and agricultural uses have been found to be consistent with the proposed R-1 and RA-2 zone districts.

COMMUNITY & DEVELOPMENT SERVICES REVIEW: CDS staff prepared the required application materials in compliance with the Elbert County Zoning Regulations, Part I, Section 6.C, County Initiated Rezoning Review Procedure.
HEARING DATES CONFIRMED: Once referral agency and CDS comments were satisfactorily addressed, the case was confirmed for hearings on the October 16, 2018, Planning Commission meeting and the October 24, 2018, Board of County Commissioners meeting.

PUBLIC NOTICE: Proper notice of the hearing was given per Elbert County regulations including publishing a notice in the Ranchland News on September 27, October 4, and October 11, 2018.

FINDINGS & RECOMMENDATION
Staff recommends that the Planning Commission find that:

1. The proposal is in general conformance with the Elbert County Comprehensive Plan; and
2. The proposal meets all the criteria for approval in the Elbert County Zoning Regulations; and
3. The Elbert County Subdivision Regulations are not applicable to this project; and
4. The proposal is compatible with existing and allowable land uses in the surrounding area; and
5. The proposal will not result in significant impact to the health, safety, and welfare of the residents and landowners of the surrounding area.

AND

Because this application has met the criteria set forth in the Elbert County Regulations and as we understand it that there are no objections from other governing bodies, the recommendation of Community & Development Services is that the Planning Commission recommend APPROVAL of RZ-18-0063 & RZ 18-0065 ELBERT FIRE – COUNTY INITIATED REZONE on a 2.3 acre property at 23990 CR 69 to be zoned R-1; and a 3 acre property at 700 CR 98 to be zoned RA-2 SUBJECT TO THE FOLLOWING CONDITIONS:

1. The rezoning shall not become effective until conditions of approval are met and the Rezoning Exhibit is recorded.
2. Recordation of all appropriate documentation to occur within 180 days of Board of County Commissioners’ approval.

Respectfully submitted to and on behalf of Elbert County,

Andrew Baker
